

Report for rush : Docker - Back to basics

Tag : system

Type : Learning

Estimated duration : 3 hours

Start at : 2022-11-09 12:19:46.164208

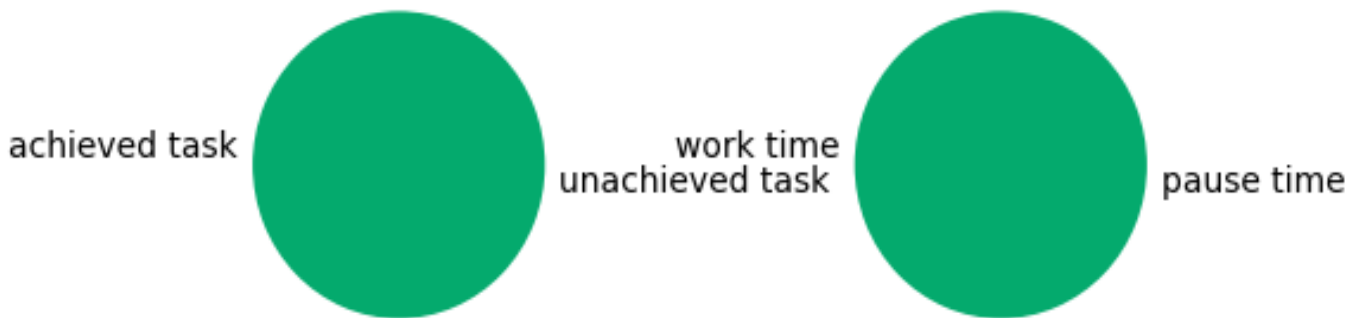

End at : 2022-11-09 12:19:49.280567

Duration : 0:00:03.116359

Description :

Re-learning docker basic component

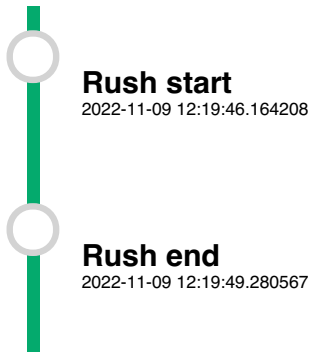

Graphs :

Tasks :

Task name	Description	Estimated duration	Real duration
Docker overview	Read the docker overview from official documentation (https://docs.docker.com/get-started/overview/)	00:15:00	01:00:00
What is a container	Watch presentation of Liz Rice (https://www.youtube.com/watch?v=8fi7uSYIOdc) to trully understand container	00:45:00	00:45:00
linux filesystem	Get in deep with linux filesystem and get a fresh reminder on how they work (https://likegeeks.com/linux-file-system/)	00:15:00	00:15:00
docker rootless mode	How rootless mode work : (https://medium.com/@tonistiigi/experimenting-with-rootless-docker-416c9ad8c0d6)	00:30:00	00:30:00
docker vs lxc	docker vs lxc comparison : (https://earthly.dev/blog/lxc-vs-docker/)	01:00:00	01:00:00
syscall reminder	quick reminder on how syscall works : (https://en.wikipedia.org/wiki/System_call)	00:15:00	00:15:00

Timeline :
